EXPERIENCE

Brightwave Analytics LLC — Remote, USA Jul 2024 - Present

Data Analyst Intern

- Built a quantitative evaluation framework with 300 labeled test cases, improving classification accuracy from 78 to 91 percent.
- Profiled data quality on user and audio metadata in Supabase, identifying completeness gaps across session types.
- Reduced transcription error rates 35 percent by writing a Python script that selects the optimal engine per recording.

Ohio Valley State University — IT Service Desk — Columbus, Ohio Jan 2023 - May 2024

Data Analyst

- Analyzed IT support ticket data using SQL to identify high-frequency issue categories and seasonal demand patterns.
- Built a Power BI dashboard tracking ticket KPIs against peak-period forecasts, informing staffing adjustments.
- Created source-to-target mapping documentation for ticket and operational data flows.

EDUCATION

Ohio Valley State University — Columbus, Ohio Aug 2019 - May 2023
