

Jordan A. Patel

(805) 555-0143 jordan.patel@example.com linkedin.com/in/jordanpatel

Education

State Polytechnic University, Springfield

Bachelor of Science in Computer Engineering, December 2024

Overall GPA: 3.4

Skills

Programming Languages: C, HTML, CSS, Java, VHDL, Assembly

Applications: Eclipse, Xilinx, ModelSim, PSpice, Microsoft Word/Excel/PowerPoint

Language: Fluent in Spanish

Computer Engineering Experience

Quality Assurance Intern (40 hours per week)

June 2023 – Sept. 2023

Northwind Robotics – Springfield, IL

- Developed and executed structured test plans for the company's continuous software releases in the cloud
- Designed and implemented automated test scripts to perform black and white box testing in the test environment
- Reviewed old regression tests and restructured them for greater efficiency
- Participated in software release processes as a member of the release team and developed training materials for other interns
- Coordinated issue resolutions among the development, marketing, and creative teams

Leadership and Work Experience

Peer Tutor (15 to 20 hours per week)

August 2022 – Present

Multicultural Engineering Program – State Polytechnic University

- Enhanced leadership and communication skills through tutoring peers in computer programming, physics, and calculus
- Organized weekly study sessions and tracked attendance for thirty students across two terms
- Mentored four incoming students through their first programming course
